Tailpiece Material Monel®, ASTM B164, UNS N04405

The complete catalog contents must be reviewed to ensure that the system designer and user select the safe product application. When selecting products, the total system design must be considered to ensure safe, trouble-free performance. Function, material compatibility, adequate ratings, proper installation, operation, and maintenance are the responsibilities of the system designer and user. Caution: Do not mix or interchange valve components with those of other manufacturers.
