

Product Category

89T-5-SS316L

Part Description

Bulkhead

## DIMENSIONS

|          |                |
|----------|----------------|
| A        | 2.940          |
| B-THREAD | 2.313" - 12UNS |
| C        | 0.81           |
| D-HEX    | 2.75           |

## GENERAL

|                      |                                                 |
|----------------------|-------------------------------------------------|
| Pressure Rating      | 6000 PSI                                        |
| Threadpiece Material | 316/L Stainless Steel, ASTM A276, UNS S31600/03 |
